Upcoming Events

EPIC (Exploring Possible Industries and Careers) day event will take place on Wednesday February 7th, from 9:00am – to 2:00pm at the Lethbridge Exhibition Park.

In the past years, the students have enjoyed the opportunity to explore carers in trades, technologies, health care industry and this year with the addition of another career sector – STEM (science, technology, engineering and math). Four sectors represented on the same day, called EPIC Day. This day will provide grade 11 and 12 high school students, who are currently exploring career options, the firsthand look at the opportunities that working in the trades and technology, health care industry and agriculture, and STEM, can provide.

Students participate in interactive displays and talk to professionals about the highlights and lowlights in their Trade or Health Care profession. We are limited how many students can attend this event so please see Mamta in the Career Centre by January 15th.
