## SUMMER WORK OPPORTUNITY

Canola Roguing happens every summer, where SELECT Recruiting hires around 300 people to work for approximately 3-6 weeks. There is opportunity to gain work experience credits, and gain leadership skills. They are looking for Roguers, Jr. Lead Hands and Lead Hands in Lethbridge. For almost 20 years, young people in southern Alberta have been hired for canola roguing — walking through fields of purebred canola to pull out specific weeds and volunteer canola plants. The initiative is a partnership between several parent seed companies and Select People Solutions, an HR staffing company based out of Lethbridge, Alberta. Roguing takes place every summer for a 4–8 week period from mid-June to late July or early August when canola is in bloom. Approximately 300 people are hired each year, 80% of whom are high school and university students. Roguing is a task that has to be done completely by hand for seed growers to produce the pristine quality of seed required that is sold to farmers around the world. No equipment is capable of this task. Please note you will be responsible for working outside in all weather conditions. Transportation to and from the work sites can be provided. If you are interested in this opportunity and would like an application form please contact Amanda in the Student Support Centre.

### University of Lethbridge

The university offers a wide range of scholarships and awards. Many are given based grades, but other criteria like leadership, financial need, community involvement, or artistic ability may also be considered. [Awards and Scholarships | University of Lethbridge \(uleth.ca\)](#)
