- [Student Finance, Scholarships and Student Aid](#) - this recording provides information on various ways to fund post-secondary education. Scholarships, grants, loans and more are discussed.

THE ULETHBRIDGE EARLY START EXPERIENCE

Are you worried about your first semester of university? The U of L Early Start Experience (ESE) is a two-week course designed to promote student success and to ease the transition from high school to university! Students in the Program will:

- Get a full course credit for a special enhanced version of LBED 1500, *The First Year Experience: Mapping our Communities*.
- Build social networks with a diverse group of incoming students.
- Develop the writing, study and library skills needed to be successful in university.
- Be introduced to all the helpful services available on campus.

LBED 1500 Course: When students start university, they start a journey on a new stage in life, as they enter a variety of new communities - new physical spaces, new social relationships, and new academic communities and challenges. This course is designed to introduce new students to these communities and to help them find their place in them. Using maps and the process of map-making as guiding metaphors, students will learn valuable social and academic skills that will be useful no matter what their major.

DATES: August 21 to Sept. 1, 2023, weekdays 9 a.m. to 4 p.m. Full Info at <https://www.uleth.ca/future-student/early-start-experience> To apply for 2023 EARLY START, contact Dr. Shelly Wismath at wismaths@uleth.ca

March 28, 2023 in our Cafeteria from 9:00am-11:30

2023 Financial support for post-secondary education (myblueprint.ca)

The Canadian Scholarship Trust Foundation supports access to post-secondary education (PSE) for all Canadians. In honour of notable members of the Canadian Scholarship Trust family, we are excited to provide \$150,000 worth of bursaries to students facing financial barriers to help them access post-secondary education. The bursaries are intended for students who can demonstrate financial need, and whose financial need may make it difficult for them to continue their studies. Students must be the first generation in their family to attend post-secondary education*

Students are invited to participate in EPIC Day hands-on learning day. Students will be placed in a cohort to explore 5 varied occupations in the areas of trades, health, stem and agriculture at the EPIC DAY Career Conference. Students will also go on a local business tour during the EPIC DAY. This event is geared more towards students in grades 9 and 10 but all students are welcome to sign up. Students can register with Bill , Amanda McMahon or Marley HeavyShield before March 22, 2023. EPIC DAY will take place April 5, 2023
