

Coyote Athletics

Adopt-A-Coyote

Chinook High School believes Athletics is a valuable aspect of high school that compliments the academic and social development that students experience. A student athlete involved in competitive sport is exposed to new learning opportunities and will be enriched by the Coyotes' commitment to teamwork and personal growth.

We invite you to become part of our winning team by contributing to our Adopt-A-Coyote program. Your advertising contribution is crucial towards helping athletes enhance their skills, engage in challenging competitions, and thrive as student-athlete ambassadors for Chinook High School.

Your advertising contribution will benefit student athletes by supporting travel and other competition-related expenditures. 50% of your advertising investment will be put towards the designated athletes' fees. A variety of options are available to suit your needs.
